Malla, Ved

Hi Rashim,

Apologies for the delay in response, I had been travelling for a conference.

We will be happy to provide the first two Equity Indices as they are readily available. The third one (Small-Microcap Index) we do not have at present hence cannot at this point commit on the same.

I would just like to add that in the Mid-Small Cap category we have 2 Indices – S&P BSE MidSmall Cap Index and S&P BSE 400 MidSmall Cap Index.

The PMS Entity wanting to use our Index will need to do our data subscription agreement. The current annual data subscription charge for the S&P BSE Indices will be INR 150,000 plus taxes per Index. As for the Debt Indices listed by you, we currently do not have them in our offering.

Regards,

Ved Malla
